*Dear Fellow Rotarians,*

*Happy New Year to you all!! I trust that you had a wonderful Christmas season and I wish you health & happiness for 2016!!*

*In the first six months, I travelled the District, visiting all of the Clubs. I conducted the board meetings, discussed plans, visited projects and shared wonderful fellowship. It was a pleasure to meet so many Rotarians, Partners In Service, Rotaractors and Interactors. I would like to take this opportunity to thank you all for your kind hospitality during my visits. I look forward to hearing about many successfully completed projects in the coming months.*

*In the first 6 months, we have seen a 1.5% increase in membership and the addition of 5 Interact Clubs and 1 Rotaract Club. The Foundation Committee has approved 6 district grants and contributions to the Rotary Foundation are just over US\$67,000. I hope that we will see greater positive growth in the second half of the year and I encourage you to continue your contributions to the Foundation.*

*During the next few months, our main focus will be on our District Conference. It promises to be an event filled with Rotary information, fellowship and fun. Information is available on the District website, Facebook and Twitter sites. I encourage you all to register online and look forward to welcoming you all to Barbados.*

*Yours in Rotary,*

*Milton*

## Vocational Service Month....

"The only unique feature of Rotary is vocational service; everything else that we do is repeated by some other organization. If we have a special message or mission in the world that is unique to ourselves, it lies only in the realm of vocational service." - T.A. Warren, Past RI President- 1945-46

Rotary International has designated January as the month to showcase our second avenue of service, Vocational Service. It is possibly the least understood of our avenues of service.

### What is vocational service?

If you are an active, engaged Rotarian, you probably view vocational service as a way of life, even if you find it difficult to articulate a clear definition.

The Object of Rotary is a philosophical statement of Rotary's purpose and the responsibilities of Rotarians. The concept of vocational service is rooted in the Second Object, which calls on Rotarians to "encourage and foster":

- High ethical standards in business and professions
- The recognition of the worthiness of all useful occupations
- The dignifying of each Rotarian's occupation as an opportunity to serve society

### As a Rotarian, how can you put these ideals into action? Consider these suggestions:

- Talk about your vocation in your club, and take time to learn about fellow members' vocations.
- Use your professional skills to serve a community.
- Practice your profession with integrity, and inspire others to behave ethically through your own words and actions.
- Help a young person achieve his or her career aspirations.
- Guide and encourage others in their professional development.

If you do any of these things, you are performing vocational service. And if vocational service motivates and energizes you, then you're in the right place, because vocational service is the very essence of Rotary.

During January, Rotary clubs are encouraged to focus on this important avenue of Rotary service. Consider dedicating at least one meeting to discussing Vocational Service and plan a project or other activity to carry out through the year. Following are some suggested activities for clubs to consider:

- Devote the first meeting in October to examining Vocational Service, including The Four Way Test and the Rotary Code of Conduct. After expanding members' awareness, solicit their input in planning projects for the remainder of the year.
- Introduce a "classification talk" series in which each member gives a five-minute talk on his or her vocation. These presentations give members the chance to learn the inner workings of jobs other than their own, including the various problems that arise and the solutions used to address them.
- Present a vocational award to someone in the community who has exemplified outstanding professional achievement and high ethical standards. Promote the presentation in the community, and consider making it an annual event each January.
- Help young people prepare for their careers by sponsoring a character building project career day, job shadowing day, or mentorship programme.
- Support professional development in the community by sponsoring a professional networking event or workshop, or start a career counseling programme to help unemployed or underemployed adults compete in the job market.
- Have club members volunteer their vocational skills on a community or international service project.

Let's celebrate Vocational Service Month by promoting the ethical basis of Rotary and by gaining a better understanding of the diverse vocational talents of our fellow members.

# A House of Friendship Invitation ...

Are you a Rotary Club with an exciting project? Do you want to showcase your Interact Club or Rotaract Club? Do you have something to tell Rotary District 7030? The District Conference being held in Barbados April 20 – 23, 2016 is your opportunity...

The 2016 District 7030 Conference Secretariat is please to invite clubs to register for the House of Friendship.

The 2016 District 7030 House of Friendship will be located at the Conference Venue and provides a space that displays and highlights the projects and activities of Clubs in the

District to Rotarians and visitors alike.

It is a great opportunity to showcase the achievements of your Club to all our Rotary family and demonstrate all the great work happening in District 7030.

Limited space is available, so please send your Club's interest in participating to the Conference Secretariat via email to: [7030conference2016@gmail.com](mailto:7030conference2016@gmail.com) before March 15, 2016, and include a brief description of what projects and activities your club would like to display.

# TRINIDAD SOUTH

*Board of San Fernando*

Over the following days, I met with all of the club boards to discuss their plans for the year. In between meetings, the visit was punctuated with a courtesy call to the Mayor of San Fernando, a visit to Servol, a lively meeting with the Interactors (thank you for coming out during your vacation) and a gala evening with all of the clubs. The visit ended with a surprise visit to Queen Park for CPL cricket!! This would be my first tour of Trinidad.

*Board of Penal*

*On arrival to Trinidad, I was met by AG Michael and driven to San Fernando. That evening the Clubs got together for an "ice breaker" reception on San Fernando Hill. It was a night filled with laughter, music, food, drink, fun & fellowship!!!! It was a great to see old friends again and make new ones.*
